## **Employee Recognition**

Congratulations to the following faculty and staff who have been recognized by a member of our campus community for strengthening our institutional culture and modeling WSU values

### **Adam Burinskas** ***Information and Instructional Technology***

Kudos to Adam! No matter what kind of a computer issue I have, he goes out of his way to resolve it. Within just a couple of days, I must have reached out to him at least 10 times, and he immediately responded every time. He always puts my computer frustrations at ease.

### **Justin Marquez** ***Veteran & Military Services***

It is with great admiration that I recognize Justin Marques for his dedication to the Veteran Military Services office and his tireless assistance to our military-connected students. During the time that the Director's position was vacant, Justin went above and beyond to maintain continuity for our students but ran the entire office alone. Well done, Justin!
