

Retirement Planning Guide

2024-2025

Updated 07/17/24

Planning for Retirement

Retiring from state service requires advance planning. It is recommended to start the process no later than 6 months prior to your planned retirement date.

120 – 90 days prior	60 days prior	30 days prior
Get educated about retirement options & GIC retiree benefits	Choose GIC retiree health, dental, or optional life plans	One-time deferred comp deductions for vacation and sick buyouts
Notify the university of retire date no later than 90 days out*	Medicare eligibility and enrollment	Change email and address in HRCMS
Submit retirement application to MSERS or ORP	Social Security windfall and government pension offset impacts and notifications	Prepare for final wages & paid leave buyouts

*A notice of retirement is the same as a notice of resignation from employment. MSCA, APA, and NUP employees must provide 90 days notice to be paid the value of their unused sick balance at 20%. AFSCME employees do not have this requirement. Be sure you are ready to retire before giving notice. Continued employment beyond your retirement date is not guaranteed.

Important to consider when selecting a retirement date

- **Your age** impacts your annual pension until you reach the maximum age factor (or max Option A pension percentage)
- **Pension payments do not keep up with the cost of living**
 - Cost of Living Adjustments (COLA) apply to only the first \$13,000 of your annual pension
 - Cost of Living Adjustments (COLA) applies only after you have been retired for at least one full fiscal year (July 1- June 30) and dependent on state legislature vote
- **It can take three-to-five full calendar months from your retirement date for the retirement board to process your first pension payment**
 - The first payment is retroactive to your retirement date
 - It is important to have an income source in the interim
 - GIC will invoice you directly by mail for Health, Dental, and Life insurance premiums during this period or you may pay directly via your [MyGICLink](#) online portal

Pension and Social Security Benefits

As an employee of the Commonwealth of MA, you do not contribute to or earn credits towards Social Security during your employment.

If you qualify for both a Social Security benefit (from prior employment or a spouse), as well as a MSERS pension at retirement, your Social Security benefit may be reduced.

<https://www.ssa.gov/benefits/retirement/planner/gpo-wep.html>

The Windfall Elimination Provision (WEP) – This provision applies to employees who are eligible for both their own governmental pension and Social Security benefit. The SSA fact sheet and calculator will help you understand and calculate the impact the WEP may have on your Social Security payment.

Pension and Social Security Benefits

Government Pension Offset (GPO) – If you are eligible for Social Security benefits on your spouse's record, and are eligible for MSERS pension or GPO, it may reduce your spousal Social Security benefits. The SSA fact sheet and calculator below will help you understand and calculate the impact the GPO may have on your Social Security payment.

Deferred Retirement with MSERS

- If you leave state employment after *vesting*, you can defer your retirement and begin to draw your pension at a later date.
- Your pension will be calculated based on your age when you begin drawing the pension.
- GIC health insurance is available during the deferral period at 100% of premium cost.
- There is no retirement payout of 20% of unused sick leave with deferred retirement.
- If you die while under deferred retirement and/or COBRA coverages, your survivors are **not** eligible for survivor benefits with GIC.

THE COMMONWEALTH OF MASSACHUSETTS
State Retirement Board
ONE WINTER STREET, 8TH FLOOR, BOSTON, MA 02108

SUPERANNUATION RETIREMENT APPLICATION

APPLICATION PROCESS:
If you are actively employed or on a leave of absence you may file your application to retire within 120 days before the date you plan to retire. You may also file your application within 60 days after you separate from service and use your separation date as your retirement date. If we receive your application more than 60 days after your last day on the payroll, your effective retirement date will be 15 days from the date we receive your application.

Please note, as your eligibility to receive any actual retirement benefit and the amount of a benefit will be finally determined as your application is reviewed, we encourage you to contact our office several months before your retirement date so we may review with you information including, but not limited to, the following:

- Your membership status;
- The amount of creditable service you have accrued;
- What amounts paid to you qualify as "regular compensation" to be included in your benefit calculation;
- Your group classification;
- Whether any salary increases are within statutory (anti-spiking) limits.

You should contact the State Retirement Board if:

1. In the five years of creditable service immediately preceding retirement your annual rate of salary doubled between any two consecutive years, or,
2. In determining the 3-year or 5-year salary average your regular compensation in any year exceeds the average of the regular compensation of the previous two years by more than 10%.

Also, any requests to withdraw your application, change your retirement date, or change your benefit option must be made in writing and received by the State Retirement Board prior to the effective date of retirement listed on your original application.

The State Retirement Board strongly recommends that you file your retirement application at least 30 to 60 days in advance of leaving your position. Once your effective date of retirement has passed you may not change your retirement option nor may you change your date of retirement.

Additional information on the retirement process is available on our website, www.mass.gov/retirement.

THE RETIREMENT DECISION IS FINAL:
You cannot make any changes to your retirement once your retirement date has passed. Choose your retirement option and date carefully. You can withdraw your application up to 5:00 p.m. on the date of your chosen retirement date (must be a business day, Monday - Friday).

YOUR FIRST PAYMENT:
Regular monthly benefit payments may only be issued on the last business day of each month. In many cases first payments are generally received approximately 120 days after your retirement date and are retroactive to your retirement date.

Please see page 2 for further information and Application Process Checklist.

GIC Retiree Benefits

Health Insurance Benefits

Health Insurance Transition at Retirement

- Your current GIC employee insurance coverage will remain in effect through the last day of the following month after your retirement date. On the first of the following month, your retiree health insurance becomes effective with no gap in coverage. This is contingent on *timely* enrollment.
- The GIC will direct bill you for any required premiums due after your final regular paycheck, prior to deductions being taken from your pension payment. This deduction usually begins in 2nd or 3rd pension payment.
- If you do not have the GIC health insurance coverage as an active employee, or are retiring at a later date, you may enroll in GIC Retiree health insurance using MyGICLink at: <https://www.mass.gov/mygiclink-member-benefits-portal>.

GIC Retiree Health Insurance Benefits

- Both MSERS and ORP retirees may continue to purchase health insurance through the MA Group Insurance Commission (GIC).
- Retirees currently pay 20% of premium (this includes basic life insurance).
- If you are under age 65 at retirement, you can maintain the same GIC health insurance plan that you carried as an active employee or you may elect to choose another health insurance plan at retirement.
- If you plan to relocate to another state after retirement, you may need to change your health insurance plan. Review the GIC Benefits Guide for your options.
- The GIC will direct bill you for the premium for at least 3 months until your pension payments or ORP distributions begin.

For Employees and Dependents Aged 65+

- You must contact the Social Security Administration (SSA) regarding Medicare if you are over age 65 at retirement.
- At 65, you must enroll in Medicare Part A to avoid penalty. At retirement, you and/or your spouse must enroll in Medicare Part B in order to maintain your GIC insurance as a supplemental plan.
- At retirement, Medicare B becomes your primary coverage and your GIC plan becomes your supplemental plan.
- In 2024, the *standard* premium for Medicare Part B is \$174.70/month. Higher income earners may pay more.
- Visit [Medicare.gov/eligibilitypremiumcalc](https://www.medicare.gov/eligibilitypremiumcalc) to get an estimate of your Part B premium.

Medicare Basics

- If already enrolled in Medicare Part A, you will complete two forms:
 - To enroll in Medicare online, please go to the Social Security website: <https://ssa.gov/medicareonly/>
 - You may also retrieve the following forms to print at the Social Security website:
 - [Application for Enrollment in Medicare Part B \(Medical Insurance\) CMS 40-B](#) – This form is completed by you, the applicant
 - [Request for Employment Information CMS L564](#) – This form is completed for you by your HR Benefits team, as we verify that you have had insurance coverage through Westfield State University
- You submit both forms to the Social Security Administration together

Medicare Basics

Part A	Free coverage for in-patient care in hospital, nursing facility, hospice care.
Part B	Medically necessary and preventive services, ambulance services, mental health treatment and durable medical equipment.
Part C	Private health insurance purchased to supplement Medicare.
Part D	Prescription drug coverage.*

* Do not enroll in Medicare Part D directly with the Social Security Administration if you wish to continue health insurance through the GIC, otherwise, the GIC will cancel your health insurance. While Medicare Part D will be part of your CVS/SilverScript coverage, you will not initiate that enrollment.

GIC Retiree Dental

- As a Retiree, you are eligible for the GIC sponsored dental plan administered by Met Life. This coverage will begin the day after your active dental coverage ends, providing you make the required elections via MyGICLink member benefits portal.
- You can enroll upon retirement, upon involuntary loss of other coverage (end of COBRA period), or during the next GIC Annual Enrollment period.
- Enroll via [MyGICLink](#) with assistance from your HR Benefits team
- Once enrolled, if you discontinue coverage you cannot re-enroll.

Paid Leave

Accruals

Unused Vacation and Sick Buyouts

Accruals are paid out in the pay period following the last regular paycheck.

This payment includes:

- Unused Vacation – 100% of balance is paid to you
- Unused Sick – 20% of balance is paid to you

These payments are subject to federal and state withholding taxes.

Please note that Vacation time accruals are capped at 50 days (375 hours or 400 hours). Any hour accrued over the maximum will be forfeited and not be paid out to you.

Paid Leave

Accruals [cont.]

403(b) and 457(b) SMART Plan Deferrals

Some retirees may wish to defer some or all of their unused sick and vacation accrual buyouts to limit their total taxable income in their retirement year.

Unused vacation and sick accrual payments can be tax-deferred into the Mass. Board of Higher Education 403(b) plan with either Corebridge, Fidelity, or TIAA or the 457(b) SMART plan with Empower.

A one-time deferral form is needed to defer to each plan.

You can contribute to both plans and each has an independent limit. In 2024, the annual limits for an individual aged 50+:

» 403(b) – \$30,500 » 457(b) – \$30,500

Your HR Benefits team can provide you with the forms needed and answer any questions you may have about the process. Once completed, submit information to benefits@westfield.ma.edu **no later than 30 days** prior to retirement date.

Additional Benefits

at Retirement

Vision Insurance: The GIC Retiree health coverage includes a Vision Discount program with Davis Vision.

Long Term Disability: Coverage will terminate automatically at retirement.

Optional Life Insurance: You may continue coverage, reduce, or cancel coverage effective the first day of any future month.

Once you decrease your GIC life insurance at retirement, you may never increase it.

Additional Benefits

at Retirement [cont.]

Flexible Spending Accounts

Your participation in Health Care Savings Account (HCSA) and Dependent Care Assistance Program (DCAP) will terminate as of midnight the day of termination and your HCSA cards will be inactivated. You will only be able to submit claims for eligible health care expenses that were incurred on or before your last day of active employment.

You may elect to continue to contribute to the HCSA account under COBRA by making direct payments on an after-tax basis.

- Your eligibility for COBRA will be determined by TASC.
- TASC will send the COBRA Qualifying Event Election Notice directly if you qualify for COBRA coverage.
- If you elect COBRA coverage for the Healthcare FSA, the amount billed to you will include a 2% administrative fee.
